

ery." Netting operations had been in progress along the Atlantic Coast and there was a possibility of netting, at Gulf Shores, an already banded migrant from this previous event. Because of weather conditions, migration had not progressed to make "Operation Recovery" profitable and so it was abandoned. A field trip west of Gulf Shores was made Saturday morning. Another field trip, to Fort Morgan area, was made Saturday afternoon.

After a sea food dinner Saturday night at Gulf Crest restaurant, members and guests met at the Casino for the business meeting and program. President, Dr. Oliver L. Austin, Jr., presided. Montgomery was selected for the annual spring meeting with May 5 and 6 as tentative dates. The President appointed the following committee for arrangements: Gid Nelson, Jim Keeler and Mrs. Oliver L. Austin, Jr. Tom Imhof reported to the group progress made on his book, Birds of Alabama.

Dr. Henry Stevenson gave a paper, "History of the Bachman's Warbler in Alabama." Dr. Austin reported on "Tern Banding at Cape Cod."

Tom Imhof was asked to compile the bird list for the meeting.

Rt. 13, Box 194D,  
Birmingham, Alabama.

### FALL MEETING BIRD LIST

The following is a bird list for the fall meeting of the Alabama Ornithological Society, which met at Gulf Shores, Alabama, September 23, 24 and 25, 1955. The list is transcribed by the editor from the compilation of Thomas A. Imhof.

On September 23, Mr. Imhof and Walter Beshears visited Dauphin Island and Cochrane Bridge. They visited the Foley, Bon Secour and Gulf Shores areas with Dr. H. M. Stevenson on the morning of the 24th and during that same morning, with Dr. O. L. Austin, Jr., led a group of A.O.S. members on a trip to Alabama Point and Gulf Shores. The whole group visited the Fort Morgan area that afternoon. On the 25th, part of the group went to Bear Point.

A total of 127 species was recorded. The following abbreviations were used for the localities: Dauphin Island (D), Cochrane Bridge (C), Bon Secour (B), Alabama Point and Gulf Shores (G), Fort Morgan (F), and Bear Point (P). Other special localities are listed separately behind the species name and where no locality is listed, the birds were seen at several localities.

Loon, Common (G); Grebe, Pied-billed; Pelican, Brown; Cor-

morant, Double-crested (GF); Man-o'-war-bird (FD), Heron, Great Blue; Egret, American; Egret, Snowy; Egret, Reddish (D. Coll.); Heron, Little Blue; Heron, Green (G); Heron, Black-crowned Night (C); Heron, Yellow-crowned Night; Bittern, Least (DG); Ibis, White (Dog R.); Duck, Mottled (D. Coll.); Pintail (F); Teal, Blue-winged; Merganser, Red-breasted (G); Vulture, Turkey (B); Vulture, Black (B); Hawk, Cooper's; Eagle Bald (F); Hawk, Marsh (D); Osprey; Hawk, Duck; Hawk, Pigeon (D); Hawk, Sparrow (B); Bob-white (B); Rail, Clapper; Rail, Virginia (G); Sora (GC); Coot (C); Plover, Piping; Plover, Cuban Snowy (D); Plover, Semipalmated (D); Plover, Wilson's (D); Killdeer (B); Plover, Black-bellied; Turnstone, Ruddy (D); Curlew, Long-billed (D); Sandpiper, Spotted (B); Willet; Yellow-legs, Greater; Yellow-legs, Lesser (D); Sandpiper, Least; Dowitcher, Eastern (D); Dowitcher, Long-billed (D); Knot (D); Sandpiper, Semi-palmated (D); Sandpiper, Western; Godwit, Marbled (D); Sanderling; Gull, Herring; Gull, Ring-billed; Gull, Laughing; Tern, Gull-billed (DF); Tern, Forster's; Tern, Common; Tern, Least (D); Tern, Royal; Tern, Cabot's (DF); Tern, Caspian; Tern, Black (FG); Skimmer, Black (D); Dove, Mourning; Dove, Ground (P); Cuckoo, Yellow-billed (G); Cuckoo, Black-billed (F); Owl, Great-horned (G); Nighthawk (B); Swift, Chimney; Hummingbird, R.
